**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We most definitely support our local, broadband competitive provider, such as Sonic. We are against any price hikes that will increase cost of interbred and telephone services. Broadband via a company such as Sonic is s reliable and extremely necessary for our home to stay in contact with the world. We have friends who have other providers and listen to their stories of failed communications and we tell them of our positive experiences with Sonic. We have been a consumer for both internet and telephone services with Sonic for about 10 years.
